<p>I think this is a really good service proposed, after lockdown there is an increased demand for services for dog owners. It is very important to socialise dogs and give them a quality existence and not leave them at home for 10 hours a day with little or no interaction.</p> <p>This should hopefully stop dogs being given up as owners can't care for them fully and may open up more jobs to the local community and bring more money into the area.</p> <p>The owners I am sure will stop the dogs from making too much noise and I know won't accept troublesome aggressive dogs.</p> <p>I fully support this application and genuinely can't see any downsides to being able to go ahead</p>
