<p>This is an amazing and much needed facility which we have used for over 12 months. We have only ever visited the site once to view before our dog went as they have a very efficient pick up and drop off service. They also have a local hub for times that pick up and drop off is not available / appropriate. This is equally efficient and keeps visits to the centre minimal.</p> <p>I have seen videos of the dogs during their stays and they are very well behaved with lots of stimulation in a large, safe, enclosed setting . A much needed business for the surrounding areas.</p>
