Subject: objection to 2022/92368

Dear Ms Downham

I am writing to object to the above for planning for a dog site in grange moor.

The site is having an impact on the road with people using the single track lane. It also shows a very large area - I dread to think how many more dogs could be housed in such a large space which would make things even worse than now. The owner has put up more fencing which we can see from our window. There will be even more noise than now if you let them have planning.

The site is unsuitable and makes too much noise.
