As far as I am aware the land is classed as green belt and would set a damaging precedent and so should not be built on. Access to the land from such a steep road and corner is dangerous plus, consideration from the junction at White Wells Road is also a hazard. The road is too narrow for vehicles to enter/exit the land safely. Children or the elderly crossing the road from the Quarry would be dangerous, someone could be seriously hurt/killed due to motorists accelerating up the hill from Hepworth. The gradient of the land is very steep, causing severe flooding in bad weather.
