

About the application

Application number: 2022/92406	
What is the application for?:	Erection of 10 affordable dwellings, with access from Chapelgate and associated
Address of the site or building:	Land Adj, 67, Chapelgate, Scholes, Holmfirth, HD9 1SX
Postcode:	HD9 3BW

User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
The plan for any type of building on the Chippings site is completely unsuitable for the following reasons: 1: The road as it stands is incredibly dangerous. We have no choice but to walk to school every day that way. There is no pavement, it is a blind corner, speeds are too fast and there are no road markings. Even if the partial pavement is installed this will only go part way to solving the problem and in fact the additional cars exiting on to such an unsafe bend will add to the dangers. 2. This is green belt land and this goes against the plan and also the aims of Eco Homes 3. The land is liable to flooding and when it is very wet the gardens of the houses on White Wells Gardens already flood. If this land is built on this will exacerbate the situation. 4. The wildlife and natural environment will be lost. No amount of car charging points or eco homes will make up for the lost natural habitat.
