Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	No
Living adjacent to this site with a bathroom and bedroom window overlooking it, this will impact my privacy and necessitate obscured glass units being fitted. My other main objections are highway safety , loss of greenbelt land and the huge impact on wildlife and trees. I have witnessed several near misses by vehicles speeding up Dean Bridge and braking hard as cars emerge from my and other nearby driveways. The proposed access road would be even nearer the bend. I hear and see rabbits,foxes,owls,bats,jays,woodpeckers and numerous other bird species daily/nightly. Not to mention loss of habitat for insects, bees, butterflies etc and loss of mature trees. Also the flooding issue, often a foot deep lake after heavy rains, could severely impact any properties on the site and below towards Hepworth. Please leave this peaceful green corner of Scholes as is or rewild it for the community and wildlife.
