I would like to raise a number of objections. - The location is unsuitable as it is green belt. Once gone its lost forever. We must be able to rely on planners to protect this for the sake of our community and our wildlife. - the road is dangerous. The houses will be close to the very treacherous route down and up into Hepworth. Hepworth cant support traffic throughput as it is. There is a blind corner, farm traffic, local commuters and walkers. A toxic mix and a danger. Particularly as there are no footpaths. - Infrastructure isnt in place to support increased headcount - schools, buses, car routes, parking, doctors etc - Low cost housing should be using the mass of brownfield sites eg the local mill is a good example as to an available site.
