Type of comment: A supporting comment	
Do you wish your comments to be published on the website anonymously?	Yes
There is a great need for affordable accommodation in the Holme Valley and surrounding area, especially for young families trying to get onto the property ladder. This development provides 10 much needed affordable homes, that will be built to a good standard that is in keeping with other housing in the area. Thought has been given to building the houses to minimise ongoing energy costs and impact on the environment I would strongly support this planning application
