<p>I fully approve this plan as I feel very strongly that we need more affordable housing in these difficult times and the fact that these will also be built with the future of the environment in mind make this project all the more important. I can see that local people want to defend the status quo, it seems to be human nature to keep what we have but I feel this site has been chosen with care so as to intrude as little as possible on other people's views and privacy. I really hope the plan will be approved. It sets a fine example.</p>
