<p>I support this application</p> <p>It fits with the Neighbourhood plan which encourages a greener future. This also fits with the community feedback from the early stages of the plan, where there was a need for affordable housing in the Holme Valley.</p> <p>Affordable means a future of low energy / running costs and this development embraces that concept.</p> <p>The development is near a good bus service and this in turn can contribute to a greener future.</p>
