Re planning application No. 2022/62/92406/W
Site address: land adj, 67 Chapelgate, Scholes, HD9 1SX

I object to the above planning application for the following reasons:
Development access is very dangerous as to position on a dangerous corner.

Scholes has not the amenities to cope with extra homes.

The village has not got the infrastructure, mainly sewage.

Chapelgate has turned into a rat run with a lot of extra traffic, when road works close the bus route, double decker busses have to go to and from Hepworth via Dean Bridge Lane and Chapelgate causing disruption because of cars parked, especially on school days and cricket match days.

Scholes school is full to bursting, where do the children go?

Loss of green spaces for children to play.

Finally- the village gets gridlocked with all development traffic, roads are too small to cope with all extra traffic which would be needed to supply and live on this site
