<p>The land in which the houses are planned for is on greenbelt land. We should be trying to conserve the natural environment and the greenspace we have. The area has thriving trees, wildlife and birds. All which should be protected at all costs.</p> <p>Scholes is a small village, the roads are narrow and the infrastructure can't support in the increase in traffic. The homes are likely to have 2 cars per home which will increase cars in the area. The bend in which the land will be on is dangerous!</p> <p>These houses do not support young people to purchase a house as the proposed houses will be rented. The designs themselves look far too modern for an area that has beautiful cottages.</p> <p>This planning should not be granted and I strongly object to them.</p>
