I object to the planned development on the grounds that this is green belt land. There is wildlife on there and children and dog walkers use the land. The bend is not safe at the moment so more houses and cars means more chance of accidents. I've lived in the area for almost 50 years and seen flooding on the land more times than I can remember. It is not the best place for a development. There must be better more suitable sites for development in the area.
