I wish to object to the proposed development on the chippings site for the following reasons, It is on a blind bend, if i recall correctly the 2 previous applications were withdrawn due to traffic concerns, this situation still exists, and will probably get worse when the development at the former Dobroyd Mills site is completed. I have lived in the area all my life and fondly remember playing on the site as a child, since the area has "rewilded" it has become an area abundant in wildlife and would be a disgrace if this was lost. The site is designated green belt and as such it should not be built on, once it is lost it is lost forever, there is precious little green space left in Scholes and it would be a tragedy to lose such a valuable assett.
