I am a resident of this village and I write to wholeheartedly support this proposal which is firmly grounded in the objectives of the Neighbourhood Plan (NHP). It provides much-needed housing for those most disadvantaged: the NHP showing that the age group 16-24 is the lowest demographic in the valley due to the unavailability of affordable accommodation for young people. It is environmentally-conscious resulting in lower energy costs. It is innovative and will provide an important touchstone in new building design. I am aware of strong objections to the proposals, the nature of which I can only attribute to emotive Nimbyism. The developers have gone to great pains to engage with the local population, to seek and to answer their concerns on the basis of sound planning principles. I wholeheartedly support these proposals.
