Good Morning,

I'm emailing you regarding a planning application for 631 Hunsworth Lane, East Bierley. This property is located next door to me and the extension will be built towards my house.

My only concern with the extension is that I current have a waste pipe that runs at the side of my house, I'm worried that if for any reason this plastic pipe was to get damaged that there wouldn't be room between my extension and charlottes extension for someone to be able to fix it. On the planning I can't really tell how much room there will be between our houses. Please could you inspect and advise me on this matter.

You can contact me by the following-

Address: 629 Hunsworth Lane, east bierley, BD46PU

Kind regards
