VISUAL AMENITY. The proposed plans submitted are not in keeping with the rest of the Blake Hall Estate. The over ornate design will change the feel of the area. The proposed build could be achieved without the ornate design and should be toned down so it does not change the visual amenity. DESIGN APPEARANCE AND MATERIALS. The materials need to be altered and the design simplified. THE MIRFIELD NEIGHBOURHOOD PLAN. This plan specifies what they expect the design and feel of Mirfield should be. This design does not fit in with the guidance in this document. DESIGN TO BE IN KEEPING WITH THE AREA. Blake Hall Drive is built on the site of the original Blake Hall and the Drive is named after the Drive to the Hall. The oak tree in the grounds is one of the trees from that Drive. The whole area has Bronte connections and has been mentioned in other historical documents. The area was designed to keep that historical feel. This design is not in keeping with the visual and historical significance of the site.
