No detailed planning shown- concerned that there will be no windows overlooking us that will interfere with our privacy which is important to us. The existing conservatory we had to request frosted glass on the side facing onto our kitchen . Drainage manhole is in our garden concerned -will the extension cause any issues if there is a broken pipe at some point as it appears to over lap it. Guttering looks like it will have to be altered worried if ours is damaged who is responsible. if any damage is caused during alterations will they be put right.
