The applicants have taken into consideration and remedied all of the queries put back to them after the initial planning proposal. They should be commended for their efforts in doing so, with the sympathetic re-design which is in keeping with other buildings within the surrounding conservation area. The applicants are applying to use an existing access to provide off street parking at their premises to the benefit of all. I see no reason why the renewed application should be rejected, therefore I fully support this application being approved.
