<p>I have grave concerns about the planned 12 apartment's. This part of golcar/ milnsbridge is already over populated, and already has a high antisocial behaviour problem, the addition of these apartments will only add to existing problems. We have hardly any school places in the area, and doctor's are full to bursting. The plan for car parking is also dangerous, and surely it's not legal to have cars backing out onto a bus stop. They would have to, as there is no space to turn safely once parked due to lack of space.all cars would have to back out onto pavements in all areas that are marked for parking. Also I'm worried about a few comments locally that it will be used to house refugees or asylum seekers. I don't think this built up area would be the right place . There are already numerous flats and a full housing estate and two autistic nursing homes in close proximity. I feel another 12 apartment's on this site would cause problems for existing residents, and the traffic situation will be dangerous for pedestrians and children.</p>
