Consultation Response from KC, Trees
2022/93143 Taylor Hill Centre, Close Hill Lane, Newsome, Huddersfield, HD4 6LE
Demolition of existing storage shed and erection of Animal Centre and associated workshop teaching space
Date Responded: 14/12/22 Responding Officer: Nick Goddard Responding Ref: TPO 34/90
The proposed mew building is situated on existing hard standing/surfacing and is therefore unlikely to result in any significant harm to tree roots. It is close to a mature Oak but if construction is contained within the site boundaries it is unlikely to result in significant harm to the long term health of the tree. I am satisfied that the proposals meet policies LP24i and LP33 and therefore would have no objection.
