User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
No public notifications have been posted or displayed in the area of this brand new planning submission. For example no lamp post attachments or local circular update to adjacent properties? The publication date was 26/9/22 but only went live on the portal on 25/10/22? This has given virtually nil opportunity for comment even if the public has knowledge of the new plan. This may explain why no comments have been posted, whereas the previous application had dozens? This is either the result of error by the council or it is deliberate? Either way local residents must be made aware in the correct way and must be given the standard time frame.
