<p>Should this go ahead the development of 68 houses could possibly add another 136 cars coming in and out of a very busy Penistone Road. In the immediate vicinity trying to turn right out of Rowley Lane onto Penistone Road is very difficult and this would only exacerbate the problem. Also there would be more pollution. Already the roads leading to, and around the 2 infant/junior schools are also congested at dropping off and picking up times, and parking problems also cause congestion.</p> <p>More housing would put added pressure on numbers for doctors, dentists and schools whose services would be stretched.</p> <p>My objection also takes into account that this application is an integral part of an extensive development project for Fenay Bridge and Lepton and already an application has been made by Newett Homes to reduce the number of affordable houses from 68 to NIL and reduce the contribution to Kirklees Council from £425,000 to a mere £140,000. How can this be allowed? The whole picture should be taken into consideration with this application.</p>
