User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	No
<p>Our objection is to the front double height bay window proposed. This will block light and be visible from both our main living room and master bedroom. Our view will be of the side brick wall.</p> <p>We would also like to comment that we have no objection to the rear extension, however the current outbuilding is linked to our property with a single skin wall and joint flat roof. We wish to ensure that the integrity of our property will not be affected during or after construction. We need to ensure the roof remains watertight and the safety of our building is not affected.</p>
