<p>I think in its current usage the Dance House in Gomersal is a vital asset to the community not only for the children that attend the school but also the community around that use this as a social place to meet. Planning for housing not only impacts the local community in terms of disruption through building work but also through the added daily congestion and on road parking that will be required to accommodate owners of flats that have more than one car as well as their visitors. The dance house is a historic building having been a dance school for a very long time and offers a place of historic importance to Gomersal and its surrounding community.</p>
