This is a heritage building with a history of dance. Hannah and Ambition Academy have worked tirelessly to build their business which allows the community to come together to socialise and our children (including my daughter) to grow and express themselves through dance. This proposal can only have a negative impact on our community and future generation. It's just another opportunity for development that impacts our local area and natural environment too - no doubt those large/ancient trees (havens for wildlife and carbon stores) at the side of the building will be felled as part of the development has a tree preservation order been considered?
