Objection reference 2022/62/93344/E I feel this development would result in an increase in the volume of traffic on what is already a very busy road. People use it as a "rat run" to travel between Oxford Road (A651) and Dewsbury Road (A652). This area is also already built up with residential vehicles. It is a narrow road and a percentage of drivers travel far too fast, up or down Moor Lane. Road safety is already of great concern with local residents. Additional housing means additional cars traveling on Moor Lane and this is going to exacerbate the problem even further. The area has a history of flooding and drainage issues. The sewage and drainage from 10 new apartments is going to put additional strain on an already problematic infrastructure.
