<p>The Proposed fence is replacing a very large and unkempt Black Thorn hedge that was encroaching out over the pavement. The hedge limited the view of traffic on the main road to the entrance to Nettleton Avenue due to its height and width approximately 7ft high x 5ft wide, it was also a hazard for pedestrians as it encroached out over the pavement limiting the space available. I therefore fully support this application as it is a vast improvement that will both improve the view of traffic to the entrance to Nettleton Avenue and gives pedestrians more space and also removes the thorns which where also an hazard.</p>
