This seems to be a retrospective application for what we guessed was happening at this house (online pharmacy). We incorrectly assumed that this business must have been already approved. There has definitely been an increase in van traffic in an around the cul-de-sac. The vans tend to fly around the cul-de-sac at speed and often block the road when they are picking up and dropping off. Also, I don't know the legality of it but storing drugs in a residential property seems very wrong.
