## User comments

Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>As other comments have correctly stated, the increase in traffic, damage to common areas of the cul-de-sac and impingement of other delivery / refuse collecting vehicles are a concern. The adjacent properties have had difficulty accessing their land easily at times.</p> <p>The increase in number of employees is a clear sign of the positive trajectory of the business that has surely out grown a single garage.</p> <p>The value and quantity of drugs stored on site is a potential target of theft thus reducing safety of the area.</p>
