<p>This business has been operating quite a while without planning permission, despite a number of neighbours complaining already to Kirklees. we live at the bottom of the cul de sac so are already affected by the following points:</p> <p>The number of vehicles visiting the property, most of which have no consideration for their speed in a residential area</p> <p style="padding-left: 40px;">a speed ramp which the vehicles tend to bang down, besides the noise, has also damaged the road and ramp</p> <p>Grimescar Meadows is very narrow and has no pavements and, despite already being notified by Kirklees not to park on the grass verges (which store necessary utility services to the properties), the vans have little consideration for this, hence damaging the verges</p> <p>It impossible to pass these vehicles when parked due to the width of the road</p> <p>The high risk of burglaries in this day and age, from a residential house, storing drugs, and the number of vans which are coming, displaying exactly what they are delivering with the sign writing</p> <p>The pharmacy does not always stick to the hours of 9am to 5pm, as is stated</p> <p>We ask you to consider the above points. We are a retired couple, as are many of us, who tend to spend a lot of time at home or out in the garden in Summer, and did not or do not, expect this volume of traffic and noise, not only the driving but closing and banging of Van doors, at this time in our lives.</p>
