<p>The wool pack was used and popular until COVID. After that not much effort was made to keep it running as it should. I am at a loss as to why the local people are to blame for its demise. It became expensive and food was not nice. This pub could be very popular. It's on a walkers route. It's where people come to visit to look at what nature has to offer. You are turning away an amazing opportunity for the correct business person to continue to make it a going concern. The property is in a popular visited area. People want it to remain a pub to be able to Bob in for alcohol refreshments and to socialise with each other. It's perfect parking facilities and the fact it's on the main road is an ideal location. It is a totally different experience to the community centre and is much loved and needed by the whole community.</p>
