

Town and Country Planning Act 1990

**Town and Country Planning (Development Management Procedure) (England)
Order 2015**

OUTLINE PLANNING PERMISSION

Application Number: 2022/60/94012/E

To: Benjamin Hellawell,
AHJ Architects
The Courtyard
12A, Commercial Road
Skelmanthorpe
Huddersfield
HD8 9AA

For: Mr & Mrs Bower

**In pursuance of its powers under the above-mentioned Act and Order the
KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning
Authority hereby permits:-**

OUTLINE APPLICATION FOR RESIDENTIAL DEVELOPMENT WITH PARKING
AND ASSOCIATED HARD AND SOFT LANDSCAPING

At: ADJ, CLOS DE L EGLISE, LIDGETT LANE, SKELMANTHORPE,
HUDDERSFIELD, HD8 9AQ

**In accordance with the plan(s) and applications submitted to the Council on
14-Dec-2022, subject to the condition(s) specified hereunder:-**

1. Approval of the details of layout, scale, appearance and landscaping of the site (hereinafter called the 'reserved matters') shall be obtained from the Local Planning Authority in writing before development is commenced.

Reason: No details of the matters referred to having been submitted they are reserved for the subsequent approval in writing of the Local Planning Authority.

2. Plans and particulars of the reserved matters referred to in Condition 1 above, relating to layout, scale, appearance and landscaping of the site, shall be submitted in writing to the Local Planning Authority and shall be carried out in full accordance with the approved plans.

Reason: No details of the matters referred to having been submitted they are reserved for the subsequent approval in writing of the Local Planning Authority.

3. Application for approval of any reserved matters shall be made to the Local Planning Authority before the expiration of three years from the date of this permission.

Reason: Pursuant to the requirements of Section 92 of the Town and Country Planning Act 1990.

4. The development hereby permitted shall be begun either before the expiration of two years from the final approval of reserved matters or, in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason: Pursuant to the requirements of Section 92 of the Town and Country Planning Act 1990.

5. Plans and particulars of the Reserved Matters related to 'appearance' shall include details to demonstrate a biodiversity net gain. The details shall set out the existing biodiversity value of the site and propose sufficient biodiversity-led features to provide the biodiversity net gain. Thereafter the development shall be undertaken in accordance with the details so approved before any development is first occupied and retained.

Reason: To provide ecological enhancement in accordance with the requirements of Local Plan Policy LP30 of the Kirklees Local Plan and Chapter 15 of the National Planning Policy Framework.

6. Prior to the development being brought into use, the approved vehicle parking areas shall be surfaced and drained in accordance with the Communities and Local Government; and Environmental Agency's 'Guidance on the permeable surfacing of front gardens (parking areas)' published 13th May 2009 (ISBN 9781409804864) as amended or superseded; and thereafter retained throughout the lifetime of the development.

Reason: In the interests of highway safety and to achieve a satisfactory layout and to accord with Policies LP24 and LP28 of the Kirklees Local Plan and Chapter 14 of the National Planning Policy Framework.

7. An electrical vehicle recharging point(s) shall be installed on site to serve the development. The recharging point(s) shall be provided prior to the first occupation of the dwelling(s). Cable and circuitry ratings shall be of adequate size to ensure a minimum continuous current demand of 16 Amps and a maximum demand of 32 Amps. The electric vehicle charging point(s) so installed shall thereafter be retained.

Reason: In the interest of supporting and encouraging low emission vehicles, in the interest of air quality enhancement, to comply with the aims and objectives of Policies LP24 and LP51 of the Kirklees Local Plan and Chapters 2, 9 and 15 of the National Planning Policy Framework.

8. If contamination, or the presence of coal not previously identified by the developer prior to the grant of this planning permission is encountered during the development, all works in the affected area (except for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days. Works in the affected area shall not recommence until either

(a) a Remediation Strategy by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority or

(b) the Local Planning Authority has confirmed in writing that remediation measures are not required.

The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures. Thereafter remediation of the site shall be carried out and completed in accordance with the approved Remediation Strategy. Following completion of any measures identified in the approved Remediation Strategy a Verification Report shall be submitted to the Local Planning Authority. No part of the site shall be brought into use until such time as that part of the site has been remediated in accordance with the approved Remediation Strategy and a Verification Report in respect of those works has been approved in writing by the Local Planning Authority.

Reason: To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and paragraph nos. 183 and 184 of the National Planning Policy Framework

NOTE Noisy construction related activities shall not take place outside the hours of:

07.30 to 18.30 hours Mondays to Fridays

08.00 to 13.00 hours, Saturdays

With no noisy activities on Sundays or Public Holidays.

NOTE: A Standard Electric Vehicle Charging Point is one which is capable of providing a continuous supply of at least 16A (3.5kW) and up to 32A (7kW). The higher output is more likely to be futureproof. Standard charging points for single residential properties that meet the requirements specified in the latest version of "Minimum technical specification – Electric Vehicle Homecharge Scheme (EVHS)" by the Office for Low Emission Vehicles will be acceptable. Basically, charging points that provide Mode 3 charging with a continuous output of at least 16A (2.5kW) and have Type 2 socket outlet would be acceptable. The electrical supply of the final installation should allow the charging equipment to operate at full rated capacity. The installation must comply with all applicable electrical requirements in force at the time of installation.

Note: Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice when it is satisfied that a statutory nuisance exists or is likely to occur or recur. Failure to comply with a notice served using the above-mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

Plans and Specifications Table:

Plan Type	Reference	Version	Date Received
Location Plan	2359-D-20-001		14/12/2022
Existing Site Plan	2359-D-20-002		14/12/2022
Proposed Site Plan INDICATIVE ONLY	2359-D-20-003		14/12/2022
Design and Access Statement			14/12/2022

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority has, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application. No negotiations were required, thus, no amendments were sought during the course of the application.

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- Economic prosperity – workforces that are digitally-literate enables business to thrive.
- Digital literacy – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- New services – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speedier installation at a later date.

To discuss the benefits that FTTP may have for your development, please contact Carl Tinson in Kirklees Council's Digital Team at carl.tinson@kirklees.gov.uk

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording “submitted to and approved in writing by the Local Planning Authority”.
- You can apply online for approval of these details at [the Planning Portals website](#). Alternatively the forms and supporting guidance for submitting an application can be found online at [Kirklees Council Planning Website](#).
- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning

condition is a pre commencement condition.

Development within a Coal Mining Area

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848.

Further information is also available on the Coal Authority website at:
www.gov.uk/government/organisations/the-coal-authority

If this application has been publicised by notice(s) in the vicinity of the site, please would you now remove the notice(s) and dispose of it/them responsibly to avoid harm to the appearance of the local area.

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served or has been served relating to the same or substantially the same land and development as in your application and if you want to appeal against the local planning authority's decision on your application, then you must do so within:
 - i) 28 days from the date of this notice where the enforcement notice has been served,
 - ii) 28 days of the date of service of the enforcement notice or,
 - iii) the specified period starting from the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.

- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or at [the Planning Inspectorates website](#). Further information on the Planning Appeal process can be found online at [the Planning Inspectorates website](#)
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 15-Mar-2023
