1. **Objections**

One representation has been received from a neighbour. This is a general comment which noted no objections to the proposed extension. Other concerns were raised; however, these are not material considerations in the assessment of this type of application.

2. **Assessment**

As no objections to the proposed development have been received, the Local Authority is not required to assess the impact of the proposal on the amenity of the adjoining premises.

3. **Recommendation**

Prior approval is, therefore, not required.
