<p>A village that has already undergone a lot of building work over the last few years. Which has already taken its toll on the roads and the wildlife. What is already a busy commuter route due to the main road that runs through it, there is no more room for more traffic and more people and the fact that the open mining will create a major disruption to the residents of Denby Dale. This application is not welcomed and to think adding more houses to what was a lovely village is now becoming more busy and more noisy and more polluted by the amount of traffic that runs through it. Also the strain on resources such as doctors surgeries and schools which are already at capacity. I came to this village as it was relatively peaceful and pretty and it is being destroyed by greed!!</p>
