**DEVELOPMENT MANAGEMENT**

**Town and Country Planning Act 1990 (as amended)**

**DELEGATED DECISION TO DETERMINE PLANNING APPLICATIONS -  
REGULATION 3 TOWN AND COUNTRY PLANNING GENERAL  
REGULATIONS 1992 (AS AMENDED)**

Reference No: **2023/48/90024/W**

Site Address: George Hotel, St George's Square, Huddersfield, HD1  
1JA

Description: Partial demolition of Listed Building to facilitate  
refurbishment and extension of the George Hotel to  
form 90+ room C1 hotel with associated ancillary uses  
(including bar, restaurant, gym, conference room)  
(within a Conservation Area)

Recommending Officer: Callum Harrison

**DECISION – Granted Under Regulation 3**

**I hereby authorise the approval of this application for the reasons set  
out in the officer's report and recommendation annexed below in  
respect of the above matter.**

***D. Wordsworth***

***AUTHORISED OFFICER***

**Date: 10-Aug-2023**

Decision Authorisation – Committee Decision

**Committee:** Strategic Planning Committee

**Date of Committee:** 8th June 2023

**Application Number:** 2023/90024

**Officer Recommendation:** Approve

**Committee Decision:** Approve

**Summary of Committee Decision:** Approve in accordance with officer recommendation.

### **Conditions and Reasons**

1. The development hereby permitted shall begin no later than 3 years from the date of this decision.  
**Reason:** As required to be imposed by Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.
2. The development hereby permitted, including the phasing of development, shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.  
**Reason:** For the avoidance of doubt and to ensure the development is carried out to an appropriate quality standard of design and does not detrimentally affect the surrounding landscape, in accordance with Policies LP24 and LP32 of the adopted Kirklees Local Plan.
3. Samples of each externally facing material shall be provided on site before each material is used in the construction of the development, unless otherwise agreed by the Local Planning Authority. The development shall then only use the approved materials and these materials shall be retained thereafter.  
**Reason:** In the interests of securing a high quality development with regard to urban design and the character of the townscape, as well as to protect the heritage of the building and conservation area as to accord with Policies LP24 and LP35 of the Kirklees Local Plan and Chapters 12 and 16 of the National Planning Policy Framework.
4. Notwithstanding the submitted plans, prior to the commencement of works to the canopy on block A, full details for the proposed canopy as shown on the 'Proposed South Elevation' on dwg 8662-BOW-ZZ-ZZ-DR-A-P230 shall be submitted to and agreed in writing by the Local

Planning Authority. Drawings shall be submitted to a scale of 1:10 - 1:20. The works shall then be carried out in complete accordance with the details approved.

**Reason:** In order to ensure that materials of an appropriate standard and quality of are used, in order to result in a high-quality development in the interests of the significance of the heritage asset and to accord with Policy LP35 of the Kirklees Local Plan and Chapter 16 of the National Planning Policy Framework.

5. There shall be no occupation of the development hereby approved until a waste management plan containing details of suitable storage, bin presentation points and access for collection of wastes from the premises has first been submitted to and approved in writing by the Local Planning Authority.

The approved details shall be provided before first occupation and shall be retained as such thereafter for the lifetime of the development.

**Reason:** In the interests of amenity and highway safety, in accordance with Policy LP24(d)(vi) of the Kirklees Local Plan.

6. There shall be no commencement of the development hereby approved (excluding enabling works) until a schedule of the means of access to the site for construction traffic has first been submitted to and approved in writing by the Local Planning Authority.

The schedule shall include:

- the point of access for construction traffic
- details of the times of use of the access
- the numbers and size of vehicles expected to access the site
- the routing of construction traffic to and from the site
- construction workers and delivery parking facilities
- the location of materials storage and site facilities
- the use of traffic management/banksman for large deliveries and
- the provision, use and retention of adequate wheel washing facilities within the site and the means of removal of mud and debris from the highway/footway

Unless otherwise having first been agreed in writing by the Local Planning Authority, all construction arrangements shall be carried out in strict accordance with the approved schedule throughout the period of construction.

**Reason:** In the interests of highway safety in accordance with Policy LP21 of the adopted Kirklees Local Plan and Chapter 9 of the National Planning Policy Framework.

7. Prior to the hereby approved development being brought into use, a detailed Travel Plan shall be submitted to and approved in writing by the Local Planning Authority. The Travel Plan shall include proposals for enabling and encouraging the use of active and sustainable modes of transport, monitoring, review and timings for delivery. The approved Travel Plan and measures shall be implemented prior to occupation or in accordance with the agreed timescales, or as otherwise agreed with the Local Planning Authority.

**Reason:** In the interests of enabling and encouraging the use of active and sustainable transport modes, to mitigate the air quality impacts of the development and to accord with policies LP20, LP21, LP22, LP24, LP47, LP51 and LP52 of the Kirklees Local Plan, chapters 9 and 15 of the National Planning Policy Framework, and the West Yorkshire Low Emissions Strategy.

8. There shall be no commencement of the development hereby permitted until details of the proposed demolition/modification of existing retaining walls abutting the highway together with the design of any new retaining walls adjacent to the highway has first been submitted to and approved in writing by the Local Planning Authority. The scheme shall include an Approval in Principle (AiP) document drawn up in liaison with the Local Highway Authority. The approved scheme shall be implemented prior to the commencement of the proposed development and thereafter retained during the life of the development.

**Reason:** In the interest of highway safety and to ensure the stability of the highway network is not detrimentally affected by the development, in accordance with Policy LP21 of the adopted Kirklees Local Plan and Chapter 9 of the National Planning Policy Framework

9. There shall be no commencement of the development hereby permitted (except for demolition works, reduction of levels of basement, temporary works including underpinning to all basement areas and temp works to John William St façade retention) until a detailed design scheme detailing foul, surface water and land drainage, including agreed discharge rates with the Lead Local Flood Authority indirectly or directly to watercourse, attenuation for the critical 1 in 100 + 30% climate change rainfall event, attenuation construction details /design, plans and longitudinal sections, hydraulic calculations, phasing of drainage provision has first been submitted to and approved in writing by the Local Planning Authority.

The scheme shall include a risk assessment and method statement, in accordance with CDM Regulations 2015, for access to and into the attenuation structure, and the scheme shall include a maintenance and management plan for surface water infrastructure.

No part of the development shall be occupied until such approved drainage scheme has been provided on the site to serve the development or each agreed phasing of the development and retained thereafter.

**Reason:** In the interest of providing a satisfactory surface and foul water drainage strategy in accordance with Policy LP28 of the adopted Kirklees Local Plan and Chapter 14 of the National Planning Policy Framework.

10. Following demolition, no works (other than those required for a site investigation report) shall commence until a Phase II Intrusive Site Investigation Report by a suitably competent person has first been submitted to and approved in writing by the Local Planning Authority.

**Reason:** To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and National Planning Policy Framework (Chapter 15) Paragraphs 183 and 184.

11. Where site remediation is recommended in the Phase II Intrusive Site Investigation Report approved pursuant to Condition 12 further groundworks shall not commence until a Remediation Strategy by a suitably competent person has been submitted to and approved in writing by the Local Planning Authority.

The Remediation Strategy shall include a timetable for the implementation and completion of the approved remediation measures.

**Reason:** To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and National Planning Policy Framework (Chapter 15) Paragraphs 183 and 184.

12. Remediation of the site shall be carried out and completed in accordance with the Remediation Strategy approved pursuant to Condition 13.

In the event that remediation is unable to proceed in accordance with the approved Remediation Strategy or contamination not previously considered in either the Preliminary Risk Assessment or the Phase II Intrusive Site Investigation Report is identified or encountered on site, all groundworks in the affected area (except for site investigation works) shall cease immediately and the Local Planning Authority shall be notified in writing within 2 working days.

Works shall not recommence until proposed revisions to the Remediation Strategy have first been submitted to and approved in writing by the Local Planning Authority.

Remediation of the site shall thereafter be carried out in full accordance with the approved revised Remediation Strategy.

**Reason:** To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and National Planning Policy Framework (Chapter 15) Paragraphs 183 and 184.

13. Following completion of any measures identified in the approved Remediation Strategy or any approved revised Remediation Strategy, a Verification Report by a suitably competent person shall be submitted to the Local Planning Authority.

No part of the site shall be brought into use until such time as the remediation measures have first been completed for the site in full accordance with the approved Remediation Strategy or the approved revised Remediation Strategy and a Verification Report in respect of those remediation measures has been approved in writing by the Local Planning Authority.

**Reason:** To ensure the safe occupation of the site in accordance with Policy LP53 of the Kirklees Local Plan and National Planning Policy Framework (Chapter 15) Paragraphs 183 and 184.

14. There shall be no commencement of the new build elements of the development hereby permitted until;

- a) a scheme of intrusive site investigations has first been carried out on site to establish the risks posed to the development by past coal mining activity, and;
- b) any remediation works and/or mitigation measures to address land instability arising from coal mining legacy, as may be necessary, have first been implemented on site in full in order to ensure that the site is made safe and stable for the development proposed.

The intrusive site investigations and remedial works shall be carried out in strict accordance with authoritative UK guidance.

**Reason:** The undertaking of intrusive site investigations, prior to the commencement of development, is considered to be necessary to ensure that adequate information pertaining to ground conditions and coal mining legacy is available to enable appropriate remedial and mitigatory measures to be identified and carried out before building works commence on site. This is in order to ensure the safety and stability of the development, in accordance with Policy LP53 of the adopted Kirklees Local Plan and National Planning Policy Framework (Chapter 15) Paragraphs 183 and 184.

15. Prior to the occupation of the development, or it being taken into beneficial use, a signed statement or declaration prepared by a suitably competent person confirming that the site is, or has been made, safe and stable for the approved development shall first be submitted to and approved in writing by Local Planning Authority.

This document shall confirm the methods and findings of the intrusive site investigations and the completion of any remedial works and/or mitigation necessary to address the risks posed by past coal mining activity.

**Reason:** The undertaking of intrusive site investigations, prior to the commencement of development, is considered to be necessary to ensure that adequate information pertaining to ground conditions and coal mining legacy is available to enable appropriate remedial and mitigatory measures to be identified and carried out before building works commence on site. This is in order to ensure the safety and stability of the development, in accordance with Policy LP53 of the adopted Kirklees Local Plan and National Planning Policy Framework (Chapter 15) Paragraphs 183 and 184.

16. There shall be no commencement of the development hereby permitted until a Construction Environmental Management Plan (CEMP) has first been submitted to and agreed in writing with the Local Planning Authority.

The CEMP shall describe in detail the actions that will be taken to minimise adverse impacts on occupiers of nearby properties by effectively controlling:

- Noise & vibration arising from all construction related activities. This should also include suitable restrictions on the hours of working on the site including times of deliveries.

- Dust arising from all construction related activities, which should include measures to monitor and record the emissions of dust during construction.
- Arboricultural Method Statement for the protection of existing trees in close proximity to the site.

A communications plan detailing the responsible person, their contact details and how this will be communicated to local residents and the Local Authority must be included. The agreed plan shall be adhered to throughout the construction of the development.

**Reason:** To safeguard the amenities of the occupiers of nearby properties in accordance with Policy LP52 of the adopted Kirklees Local Plan and Chapter 15 of the National Planning Policy Framework.

17. Prior to occupation of the development hereby approved, details of internal storage within the building for the storage of a minimum of six bicycles has been submitted to and approved by the Local Planning Authority, unless agreed otherwise in writing by the Local Planning Authority. The submitted details shall include the time of implementation for the cycle storage. The bicycle storage shall then be implemented in accordance with the approved details and be retained thereafter.

**Reason:** In the interests of encouraging sustainable travel, in accordance with Policies LP20 and LP21 of the Kirklees Local Plan.

18. No site clearance works shall take place between 1st March and 31st August inclusive, unless a competent ecologist has undertaken a careful, detailed check of the site for active in areas likely to host birds' nests immediately before the site is cleared and provided written confirmation that no birds will be harmed and/or that there are appropriate measures in place to protect nesting bird interest on site. Any such written confirmation should be submitted to the Local Planning Authority.

**Reason:** To prevent significant ecological harm in respect of direct impacts to birds, their eggs, nests and young, in accordance with Policy LP30 of the adopted Kirklees Local Plan and Chapter 15 of the National Planning Policy Framework.

19. There shall be no operational use of the doors on John William Street outside the hours of –

- 0700hrs and 2300hrs Monday to Saturday and
- 0900hrs to 2300hrs Sunday

**Reason:** To ensure that the proposed use(s) does not give rise to the loss of amenity to nearby residential properties, by reason of noise or disturbance at unsociable hours, to accord with the aims of Policies LP24 and LP52 of the Kirklees Local Plan and Chapters 12 and 15 of the National Planning Policy Framework.

20. The combined noise from any fixed mechanical services and external plant and equipment shall be effectively controlled so that the combined rating level of noise from all such equipment does not

exceed the background sound levels from the planning report to give rating limits of LArTr 56 dB during the day and LArTr 42 at night .  
“Rating level” and “background sound level” are as defined in BS4142:2014+A1:2019.

**Reason:** To ensure the proposed development does not cause harmful noise pollution within neighbouring noise sensitive locations, in the interest of amenity, to comply with the aims and objectives of Policies LP24 and LP52 of the Kirklees Local Plan and Chapters 12 and 15 of the National Planning Policy Framework.

**NOTE:** Permission is required from the Coal Authority Permit and Licensing Team before undertaking any activity, such as ground investigation and ground works, which may disturb coal property. Please note that any comments that the Coal Authority may have made in a Planning context are without prejudice to the outcomes of a Permit application.

**NOTE:** All contamination reports shall be prepared by a suitably competent person, as defined in Annex 2 of the National Planning Policy Framework 2021. Reports must be prepared in accordance with the following guidance:

- Land Contamination Risk Management (LCRM)
- BS 10175:2011+ A2:2017 Investigation of Potentially Contaminated Sites.
- Code of Practice Development on Land Affected by Contamination - Technical Guidance for Developers, Landowners & Consultants - (v11.2) June 2020 by the Yorkshire and Lincolnshire Pollution Advisory Group.

The conditions relate to Planning Control only. Approval under the Building Regulations may also be required, and the applicant should contact their Building Control Provider for further information. Any other necessary consent must be obtained from the appropriate authority. If the applicant commences work without discharging conditions, they will be at risk of enforcement action and invalidating the permission if the planning condition is a pre commencement condition.

**NOTE:** Noisy construction related activities should not take place outside the hours of:

- 07.30 to 18.30 hours Mondays to Fridays
- 08.00 to 13.00 hours Saturdays
- With no noisy activities on Sundays or Public Holidays

**NOTE:** Institute of Air Quality Management document “Guidance on the assessment of dust from demolition and construction” Version 1.1 2014 provides detailed information regarding dust control.

**NOTE:** Kirklees Council has powers under Section 60 of the Control of Pollution Act 1974 to control noise from construction sites and may serve a notice imposing requirements on the way in which construction works are to be carried out. It has additional powers under Sections 80 of the Environmental Protection Act 1990 to prevent statutory nuisance including noise, dust, smoke and artificial light and must serve an abatement notice

when it is satisfied that a statutory nuisance exists or is likely to occur or recur. Failure to comply with a notice served using the above-mentioned legislation would be an offence for which the maximum fine on summary conviction is unlimited.

**NOTE:** The Local Planning Authority considers that it has worked positively and proactively with the applicant to address any arising issues in relation to determining this planning application in order to secure a policy compliant proposal.

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority has, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application. Officers negotiated with the applicant to: Amend the description of the proposal to better reflect the proposed development, including partial demolition of the existing building; Consider internal and external refuse and waste storage and collection; Re-assess the external design and amend the new-build elevations to be sensitive to the historic host building; Provide additional detailed assessment of the historic fabric and structures to be removed from the site; Provide viability information to justify the proposed quantum of C1- use hotel rooms; Provide viability information to justify the loss of the building's historic fabric on the scale proposed to facilitate a 91 room C1-use hotel; Undertake additional modelling/justification for the loss of historic floorplates from Block A; Consider the provision of cycle storage associated with the proposal; and, alterations/retention of internal floor plates at 1st and 2nd floor.

**Report Dated:**
