---

Thanks for the clarification and additional details. That is helpful in clarifying the arrangements in relation to waste storage and management

I am happy with the proposals

I'll give you a call

Best Regards

*Mike*

**Subject:** WPS 23-004 George Hotel, St George's Square

The bin store layout is indicated on Bowman Riley drawing 8662-BOW-ZZ-B1-DR-A-P204 included in the planning pack-this shows the intermediate level which opens direct onto John William Street- it is noted as a 'refuse area' and will be a secure area.

It is anticipated that refuse collection wagons will pull up on John William Street, there will be 1 No. collection a day, and that hotel management will ensure bins are accessible at the appropriate time.

This ventilated area accommodates :

3 no. 1100 Litre Eurobins  
4 no. 120 litre wheely bins for recycling  
An empty bottle and keg store area

Should you need to discuss or require any further information please do not hesitate to contact me.

Kind regards

Ruth Bush
