Subject: RE: 23_90024 George Hotel, Huddersfield

Thank you for forwarding the applicant's response to our original concerns.

We are very disappointed that they have chosen to not try to include any cycle storage within the proposals thus going against the council's sustainability objectives and promotion of active travel modes within the district, however we would not wish to object to the development on these grounds as the site is in a sustainable town centre location that is well served by public transport.

Cheers

Chris
