Hi i am writing regarding extention taking place at 1 armytage crescent hd13ty they put in request for side extend which i dont agree because they dont have access to thier back garden but if u look at their plan they want extention at rear. At the moment they only have access to rear through their garage. There is a alleyway but that is access for nmber 188 and 190 victoria road for thier rear garden which they are using at the moment because they knocked their wall down for easy access . I live at 188 victoria road hd13tt
