Re: Planning application for 1 Armytage Crescent, Lockwood HD1 3TY

To Whom It May Concern

I would be grateful if you could taken into consideration, the following point when making a decision regarding the above mentioned planning application:

I have attached a photo of a path which leads from Armytage Crescent to the back garden of property. I have no objection to the proposed development, provided that it stays within the boundary line of land belonging to 1 Armytage Crescent and that it does not infringe on this path. I have taken measurements of this path and at no point along its length, is the path any narrower than 64 inches in width. At the start and end points of the path it is a little wider, 68 inches and 71 inches respectively.

I would be grateful if you could confirm receipt of this email. Also, please could you advise that this will be taken into consideration when making a decision regarding the proposed development. If possible I would like to keep my anonymity regarding the above mentioned concern.
