HELP US SAVE HISTORIC LONGLEY - PREVENT 5G MAST

54 have signed. Let's get to 100!

At 100 signatures, this petition is more likely to be featured in recommendations!

A planning application (no. 2023/90052) has been submitted to Kirklees Council for the erection of a 50-foot/15 metre high 5g phone mast and three associated metal cabinets next to the bus shelter at Longley.

Longley is a historic hamlet between Newsome and Lowerhouses in Huddersfield, with a local beauty...

and effect on house prices, but the Council is not required to take account of any of these. What they must take account of (according to the National Planning Policy Framework, 2021) is the need to conserve the historic environment and avoid any harmful visual impact on heritage sites such as listed buildings. The planning application states that 'the proposed location of the new mast ... will assimilate well into the immediate street scene and not be detrimental'. This cannot be true: four listed buildings, including Longley Old Hall, are among the closest houses to the proposed siting of the mast, and the negative visual impact on the locality will be immense.

Please help the residents of Longley oppose the mast by signing this petition before the planning application deadline of 6th February.

Reasons for signing

 I'm signing because...

 6 days ago

as an historian who has written extensively about the Ramsden family and its links with the history of Huddersfield, this fascinating and important building should be blighted in this way.

At 100 signatures, this petition is more likely to be **featured in recommendations!**

neighbouring people's quality of life!
