Our Ref: 2023/90093

Dear Michael

**The Environment Act 1995
The Hedgerow Regulations 1997
Hedgerow Removal Notice
Located at: Folly Hall, Cross Lane, Shelley, Huddersfield, HD8 0ST**

Further to your notification dated 09-Jan-2023 to remove a 1.5-2m section of a hedgerow at the above address. In pursuance of its powers under The Environment Act 1995 and The Hedgerow Regulations 1997, I can confirm the Council has no objection to the work as specified in your application.

The hedgerow was assessed against the criteria as set out in the regulations and the work proposed will have negligible impact on the ecological or landscape value of the hedge.

The work must be carried out within 2 years from the date of this letter or a new notification will be required. Please note a copy of the application documents can be viewed online using the planning application search facility on the Council's web page, www.kirklees.gov.uk.

If you have any questions in relation to the notice then please contact the trees team on 01484 414909 or via e-mail to trees.planning@kirklees.gov.uk. Please quote application number 2023/90093 in all correspondence with us.
[Kirklees Council Trees](#)

Yours Sincerely

Nick Goddard
Tree Officer

- Note: Consent for the tree work specified in this letter relates to the Town and Country Planning Act 1990 and is in principle only. If the work to be undertaken relates to trees growing on land owned by a third party, permission must be obtained from that third party before undertaking any work which requires access onto or over their land
- Note: Under section 1 and 9 of the Wildlife & Countryside Act 1981 (as amended): it is an offence to intentionally disturb or destroy any bird nest whilst it is in use or being built; or, to recklessly or intentionally damage or destroy a bat roost or, to cause disturbance or harm to bats.
- Note: Roads & Street Works Act 1991: It is possible that part of or all of the above works may present a safety risk to the public. IT IS IMPERATIVE that before any works commence advice on sign requirements and/or traffic control is sought from our NRASWA Officers (Sean Fisher 01484 225426)
- Note: In no way does the Council accept any liability for damage to property or persons caused as a result of the work here authorised. Tree surgery can be very dangerous and the Council recommends strongly that a competent tree surgeon using appropriate safety equipment and with appropriate public liability insurance is employed.

Guidance Notes Choosing a Tree Work Contractor (Tree Surgeon)

The Council does not approve or promote any private contractors, nor does it affiliate itself with any specific companies. If any company says they are Council approved or trained you should seek clarification as to which Council it is referring to and if you are not satisfied check with the authority concerned.

There are schemes running which produce a directory of approved contractors and companies. [The Arboriculture Association](#) and [Trust Mark](#) are examples of such schemes.

If you are looking for a company or contractor to carry out tree work, tree pruning, felling etc. you should consider the following:

- City and Guilds/NPTC Qualifications (National Proficiency Test Council). The company should be able to produce certificates and a photo ID card (See example ID card below) to show that they have the relevant qualifications for the operations they are intending to carry out. There are separate qualifications for using a chain saw, felling different sized trees, climbing trees, operating a chain saw in a tree etc. It is the individuals who hold the qualification, so unless they are undertaking training, employees need to be qualified for the tasks they do.

Example City and Guilds/ NPTC Photo ID card:

(Sample ID card provided by City and Guilds September 2015, the appearance of cards issued before this date may vary slightly but are still valid)

- The company should be able to show you certificates of insurance for public liability and where the company has employees, employee liability as well.
- The company must work to the British Standard for Tree Work, BS 3998 and should be able to quote this if you ask them what the British Standard is. If you propose to carry out work to a protected tree with consent from the Council, this will be a condition of the approval.
- Ask for a written quotation, a reputable firm will be willing to do this. It would be advisable to get quotes from several different companies.

- Membership of an arboricultural organisation does not necessarily guarantee a contractor's level of competency, which will depend on the organisations terms of membership. However it does indicate that they are keeping up to date with industry changes. Examples would be the Arboricultural Association or the International Society of Arboriculture.
- The company should be able to show you copies of Health and Safety documents for their work type, risk assessments, inspection records for their climbing and rigging equipment (where applicable) etc. This will indicate that they are compliant with national Health and Safety requirements.

If you are seeking advice on a tree's health or safety, you are advised to look for:

- A company which holds professional indemnity insurance. This gives a degree of security should there be an adverse incident as a result of their comments.
- A formal qualification in arboriculture, forestry, horticulture etc would give an indication that they have the required technical knowledge about tree biology and mechanics to be able to advise you correctly. There are many different formal qualifications available examples of a few would be: National Vocational Qualifications (NVQ), Diploma or a Degree.
- A person who holds LANTRA Professional Tree Inspector. This shows that the individual has passed an assessment to show that their tree inspection skills are in line with the national standard. Holders of this award will be able to show a photo ID card.

If you are engaging an arboricultural consultant to produce a tree report for example, as a minimum they should hold the above mentioned insurance and a formal qualification.

Useful contacts:
