<p>Hi, I am not willing to allow council to approve planning to build house on land where flood risk is high. All surrounding building & housing already issued flood warning. Secondly, how can council allow to build house on commercial, contaminated land which will cause effect on environment & drainage system. Thirdly, scrap yard is there for a while & it all help us to find car parts locally.</p> <p>I request council please don't not approve this development. Regards</p>
