<p>Planning was granted for this development on the grounds that the Developers helped to upgrade the local area in addition to redeveloping the Mill buildings. I believe as a minimum, the pedestrian access to the building should be invested in with the natural stone paving along Bridge Street being restored to prevent trip hazards, and traffic control measures put in place along Bridge Street, which is one of the most congested in Slaithwaite and is the only vehicular access route to the Mill. The effect of the additional traffic on the neighbouring properties is significant and KMC should uphold the original decision to impose Condition 17, and ensure that Hartley Property Trust fulfil their obligations to the Village.</p>
