<p>Bridge street and the local village is overwhelmed with the amount of cars parked on the street already exasperated with the current residents/employees/visitors of Globe Mill.</p> <p>The renovations and improvements seem to be very welcomed by many but all guests must be provided with on site parking to ease the congestion of parked cars on the pavements and roads all around the area as it is.</p> <p>The proposed new bridge is of no benefit to the locals but only allows the globe mill employees and residents to park further away with easier access.</p> <p>The site area is more than large enough to provide adequate parking but profit is before practicality.</p>
