

Town and Country Planning Act 1990

**Town and Country Planning (Development Management Procedure) (England) Order
2015**

PLANNING PERMISSION FOR DEVELOPMENT

Application Number: 2023/62/90287/E

To: Farrar Bamforth Associates
51, Trinity Street
Huddersfield
HD1 4DN

For: Accept Properties Ltd

In pursuance of its powers under the above-mentioned Act and Order the KIRKLEES COUNCIL (hereinafter called "The Council") as Local Planning Authority hereby permits:-

CHANGE OF USE AND ALTERATIONS TO CONVERT EXISTING INDUSTRIAL
BUILDING INTO SINGLE DWELLING

At: PRIMROSE FARM, CROSSLEY LANE, MIRFIELD, WF14 0NR

**In accordance with the plan(s) and applications submitted to the Council on
30-Jan-2023, subject to the condition(s) specified hereunder:-**

1. The development hereby permitted shall be begun within three years of the date of this permission.

Reason: Pursuant to the requirements of Section 91 of the Town and Country Planning Act 1990.

2. The development hereby permitted shall be carried out in complete accordance with the plans and specifications schedule listed in this decision notice, except as may be specified in the conditions attached to this permission, which shall in all cases take precedence.

Reason: For the avoidance of doubt as to what is being permitted and so as to ensure the satisfactory appearance of the development on completion, and to accord with Policies LP7, LP20, LP21, LP22, LP24, LP28, LP30, LP33, LP51, LP52, LP53 and LP60 of the Kirklees Local Plan, the adopted Housebuilders SPD and Chapters 5, 8, 9, 11, 12, 14 and 15 of the National Planning Policy Framework.

3. Prior to the development being brought into use, the approved vehicle parking areas shall be surfaced and drained in accordance with the Communities and Local Government; and Environment Agencies 'Guidance on the permeable surfacing of front gardens (parking areas)' published 13th May 2009 (ISBN 9781409804864) as amended or superseded; and thereafter retained throughout the lifetime of the development.

Reason: In the interests of highway safety and to achieve a satisfactory layout and to accord with Policies LP21 and LP22 of the Kirklees Local Plan.

4. Samples of all external walling and roofing materials shall be submitted to and approved in writing by the Local Planning Authority before work to the exterior of the building commences. Thereafter the development shall be carried out in accordance with the approved details.

Reason: In the interests of visual amenity and to comply with Policies LP24 of the Kirklees Local Plan, Principles of the Housebuilders Design Guide Supplementary Planning Document as well as the aims of Chapter 12 of the National Planning Policy Framework.

5. Notwithstanding the submitted plans and information, before the development is bought into use, full details of all boundary treatments shall be submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be completed in accordance with the approved details and thereafter retained.

Reason: In the interests of visual amenity and to preserve the character and openness of the adjacent Green Belt land in accordance with Policy LP24 and LP60 of the Kirklees Local Plan, Principles of the Housebuilders Design Guide Supplementary Planning Document and Chapters 12 and 13 of the National Planning Policy Framework. This is pre-commencement as it may affect the construction.

6. Before the development is bought into use, details of suitable storage, bin presentation points and access for collection of wastes from the dwellings hereby approved shall be submitted to and approved in writing by the Local Planning Authority. The approved details shall be provided before first occupation and shall be so retained thereafter.

Reason: In the interest of highway safety and waste management and to accord with Policy LP24 of the Kirklees Local Plan. This is pre-commencement as it may affect the construction.

7. Prior to occupation of the dwelling, one electric vehicle recharging point for each dwelling shall be installed. The scheme shall meet at least the following minimum standard for numbers and power output:

A Standard Electric Vehicle Charging point providing a continuous supply of at least 16A (3.5kW) for each residential unit that has a dedicated parking space

Buildings and parking spaces that are to be provided with charging points shall not be brought into use until the charging points are installed and operational. Charging points installed shall be retained thereafter.

Reason: In the interest of supporting and encouraging low emission vehicles, in the interest of air quality enhancement, to comply with the aims and objectives of Policies LP20, LP24 and LP47 of the Kirklees Local Plan and Chapters 2, 9 and 15 of the National Planning Policy Framework.

8. Prior to the occupation of the property, a plan detailing the positioning and location of an integral bird box (Schwegler 1B or similar) shall be submitted to and approved in writing to the local authority.

Reason: To provide an enhancement to biodiversity in line with Policy LP30 (as modified) of the Kirklees Local Plan and the requirements of section 15 of the National Planning Policy Framework.

NOTE: A Standard Electric Vehicle Charging Point is one which is capable of providing a continuous supply of at least 16A (3.5kW) and up to 32A (7kW). The higher output is more likely to be futureproof

- Standard charging points for single residential properties that meet the requirements specified in the latest version of "Minimum technical specification - Electric Vehicle Homecharge Scheme (EVHS)" by the Office for Low Emission Vehicles will be acceptable. Basically, charging points that provide Mode 3 charging with a continuous output of least 16A (3.5kW) and have Type 2 socket outlet would be acceptable.
- The electrical supply of the final installation should allow the charging equipment to operate at full rated capacity.
- The installation must comply with all applicable electrical requirements in force at the time of installation.

NOTE: It is the applicant's responsibility to find out whether the work approved by this planning permission requires written approval from the Highways Structures section for works near or abutting highway and any retaining structures. Contact Highways Structures Section on Tel No. 01484-221000 who can advise further on this matter.

NOTE: To minimise noise disturbance at nearby premises it is generally recommended that activities relating to the erection, construction, alteration, repair or maintenance of buildings, structures or roads shall not take place outside the hours of:

- 07.30 and 18.30 hours Mondays to Fridays.
- 08.00 and 13.00hours, Saturdays.
- With no working Sundays or Public Holidays.

In some cases, different site specific hours of operation may be appropriate. Under the Control of Pollution Act 1974, Section 60 Kirklees Environment and Transportation Services can control noise from construction sites by serving a notice. This notice can specify the hours during which work may be carried out.

NOTE: Please note that the granting of planning permission does not override any private rights of ownership and it is your responsibility to ensure you have the legal right to carry out the approved works, as construction and maintenance may involve access to land outside your ownership.

Plans and specifications schedule:-

Plan Type	Reference	Version	Date Received
Existing Site Plan	FBA_234_Primrose Farm Sheet 1		06/02/2023
Existing Floor Plans and Elevations	FBA_234_Primrose Farm Sheet 2		06/02/2023
Location Plan	0101	P02	07/06/2023
Proposed Site Plan	0710	P02	07/06/2023
Proposed Plans and Elevations	0700	P02	07/06/2023

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter 2015 and otherwise actively engaged with the applicant in dealing with the application.

Officers raised concerns regarding the proposed balcony as it encroached on the openness of the Green Belt as well as the section of land in the north-western corner. They also expressed concerns regarding the impact of the proposed materials on visual amenity as well as concerns over the right of access. Amended plans were sought and considered acceptable.

Building Regulations Approval is required for most work involving building operations and/or structural alterations. It is the applicant's responsibility to find out if the work permitted by this planning permission needs approval under the Building Regulations, and if necessary to submit an application. If you are not the applicant can you please ensure the applicant is aware of this requirement. Contact Building Control on Tel No: (01484) 221550 for more information.

It is the applicant's responsibility to find out whether any works approved by this planning permission, which involve excavating or working near public highway and any highway structures including retaining walls, will require written approval from the Council's Highways Structures Section. Please contact the Highways Structures Section on Tel No. 01484-221000 Ext 74199 for further advice on this matter.

Details Reserved by Condition

- This permission has been granted subject to conditions. Some of the conditions may require you to submit further details. These conditions normally contain the wording “submitted to and approved in writing by the Local Planning Authority”.
- You can apply online for approval of these details at the Planning Portals website at www.planningportal.gov.uk. Alternatively the forms and supporting guidance for submitting an application can be found online at www.kirklees.gov.uk/planning.
- This Authority recognises the need to ensure that you are able to develop the site as effectively and flexibly as possible. However, at the same time it must ensure that development is in accordance with the terms of the planning conditions and legal agreement and the expectations of elected members and local residents set through the decision process.
- You should note the triggers for compliance with the conditions of this planning permission. This Authority is committed to processing applications to discharge conditions in a timely manner. It is important to ensure that submissions are made as far in advance of the trigger to allow time for adequate consultation, discussion and in some circumstances publicity.
- It is important that applications to discharge conditions are accompanied by sufficient information to enable this Authority and its consultees to fully consider and determine the proposals. Whilst officers will endeavour to negotiate solutions, failure to provide a comprehensive submission may result in delay and refusal of the application.
- If you commence work without discharging conditions you are at risk of enforcement action and invalidating your permission if the planning condition is a pre commencement condition.

Development within a Coal Mining Area

The proposed development lies within an area that has been defined by the Coal Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design which takes into account all the relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

Digital Infrastructure: Fibre To The Property (FTTP)

Access to affordable and reliable broadband is necessary for Kirklees' residents, businesses, and visitors to take advantage of the growing digital economy and 'digital by default' services. Fibre optic cables direct to a property (FTTP) is the most reliable way of delivering high speed broadband connectivity and allows for gigabit internet speeds. Access to high quality digital infrastructure provides the foundations for, amongst other things:

- **Economic prosperity** – workforces that are digitally-literate enables business to thrive.
- **Digital literacy** – digital literacy and skills increase employability and people can exploit the internet for transactional, social, entertainment and learning purposes.
- **New services** – digital delivery can lower costs and provide innovative public and health services more conveniently.

It is therefore advised that digital infrastructure, including FTTP, and its benefits for the development be considered from the earliest feasible stage. Methods include working with Internet Service Providers to install digital infrastructure alongside other utilities or providing pre-infrastructure allowing for speedier installation at a later date.

To discuss the benefits that FTTP may have for your development, please contact Carl Tinson in Kirklees Council's Digital Team at carl.tinson@kirklees.gov.uk

Note: The provision of fibre infrastructure is often available from certain telecommunications providers free of charge for development over a certain scale, provided that sufficient notice is given. Notice periods are typically at least 12 months prior to first occupation. In some cases, providers may request a contribution from the developer.

Note: Where no telecommunications provider has been secured to provide fibre infrastructure by the time of highway construction, it is advised that additional dedicated telecommunications ducting is incorporated alongside other utilities to enable the efficient and cost effective provision of fibre infrastructure in the future.

The application has been publicised by notice(s) in the vicinity of the site. It is respectfully requested that the notice(s) now be removed and responsibly disposed of to avoid harm to the appearance of the area

Appeals to the Secretary of State

- If you are aggrieved by the decision of your Local Planning Authority to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your Local Planning Authority's decision on your application, then you must do so within:
 - i) 28 days of the date of service of the enforcement notice, or
 - ii) within the specified period, starting on the date of this notice,whichever period expires earlier.
- If you want to appeal against your Local Planning Authority's decision then you must do so within the specified period, starting on the date of this notice.
- The "specified period" is 12 weeks where the development relates to a "minor commercial application" as defined within the Town and Country Planning (Development Management Procedure) Order 2010 (as amended), or 6 months in any other case.
- Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/appeal-planning-decision>. Further information on the Planning Appeal process can be found online at the Planning Inspectorates website <https://www.gov.uk/government/organisations/planning-inspectorate>.
- You must use the correct Planning Appeal Form when making your appeal. If requesting forms from the Planning Inspectorate, please state the type of application that the appeal relates to so they can send you the appeal form you require.
- The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based their decision on a direction given by him.

Please note, only the applicant possesses the right of appeal.

Purchase Notices

- If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Dated: 26-Jun-2023

Signed:

David Shepherd
Strategic Director Growth and Regeneration

Decision Documents

The decision notice indicates which documents relate to the decision. These documents can be viewed online at the Planning Services website at www.kirklees.gov.uk/planning, and by clicking on the 'search planning applications and decisions' and by searching for application number 2023/62/90287/E .

If a paper copy of the decision notice or decided plans are required please email dc.admin@kirklees.gov.uk or telephone 01484 414746 with the application number. There may be a charge for this service.

All communications should be sent to one of the following address:

E-mail: dc.admin@kirklees.gov.uk
