<p>I live close by and generally walk my dog on the park,i have seen this unused land and would fully support a house been built,it would be good for the community with there been a shortage of houses,it would be better to look at a house than an empty yard,i have been on the street and as a builder myself cannot see why there would be a problem building on this land aslong as all terms are met,i have been through this planning rigmarole on numorous occations and it becomes quite a farce with the amount of people what jump on the band wagon to try refuse it,what harm is it going to cause anyone goodluck</p>
