Been a resident in the area for over 25+ I have seen an increase in the traffic, and speed on the vehicles crossing the junction Leeds Road /soothill. The proposed application will only add the the traffic and noise, 1) the car park in not large enough for what is proposed 2) it only has one entrance/exist so adding to increase queues at soothill lights 3) if people can't get into car park they will park on road on soothill either outside properties causing noise disturbance when leaving or parking opposite, which can cause traffic distruption also if they park on the verge the damage can be unsightly.
