Type of comment: An objection	
Do you wish your comments to be published on the website anonymously?	Yes
<p>Our objection is primarily directed to the extension of the rear of the tea room. If a decking is put out with tables and chairs it will severely affect our, and our immediate neighbours', privacy as our homes can be directly looked into; being immediately opposite. Also we are concerned regarding noise levels. We would like to see privacy/sound control measures included, eg 6ft fence on the perimeter wall, in order to mask additional noise and provide a privacy barrier between our homes and the decking.</p> <p>With improved facilities will come additional vehicles. The plans state there is plenty of parking on the streets; however there is not. More spaces need to be provided in the grounds. Residents already have difficulty parking near to their homes and any increased parking causes increased traffic issues due to it being an overly busy road. We would like to see extra parking within the cricket grounds being part of the planning application.</p>
