Date: 24-Mar-2023
Our Ref: 2023/N/90635/E

Dear Sir

**TOWN AND COUNTRY PLANNING ACT 1990
TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (ENGLAND)
ORDER 2015
APPLICATION NO: 2023/N /90635/E
DEVELOPMENT: PRIOR NOTIFICATION FOR ERECTION OF AGRICULTURAL BUILDING
LANDS FARM, CLIFFE LANE, GOMERSAL, CLECKHEATON, BD19 4EU**

I refer your submission for agricultural development as described above. The proposal as submitted is acceptable and subject to all works being carried out in accordance with the description contained in the notification, the Council will not require the submission of further details. Prior approval is not, therefore, required and the works described may be carried out.

I would draw your attention to the provisions of Schedule 2, Part 6, of the General Permitted Development (England) Order 2015 (as amended), which requires that any works notified to the Council under these provisions must be carried out within a period of 5 years from the date on which the Local Planning Authority were notified. As such, the development proposed must be completed before 24/02/2028. Failing this, if you intend to carry out the works after this date, further notification will be required.

Plans and Specification Schedule:

Plan Type	Reference	Revision	Date Received
Site Location Plan	001	A	27/02/2023
Proposed Block Plan	002	A	27/02/2023
Floor Plan as Proposed	003	A	27/02/2023
Proposed Elevations	004		27/02/2023

Pursuant to article 35 (2) of the Town and Country Planning (Development Management Procedure) Order 2015 and guidance in the National Planning Policy Framework, the Local Planning Authority have, where possible, made a pre-application advice service available, complied with the Kirklees Development Management Charter and otherwise actively engaged with the applicant in dealing with the application. The recommendation is based on the submitted plans and information.

Development within a Coal Mining Area

The proposed development lies within an area that has been defined by the Coal Authority as containing coal mining features at surface or shallow depth. These features may include: mine entries (shafts and adits); shallow coal workings; geological features (fissures and break lines); mine gas and former surface mining sites. Although such features are seldom readily visible, they can often be present and problems can occur, particularly as a result of new development taking place.

Any form of development over or within the influencing distance of a mine entry can be dangerous and raises significant land stability and public safety risks. As a general precautionary principle, the Coal Authority considers that the building over or within the influencing distance of a mine entry should be avoided. In exceptional circumstance where this is unavoidable, expert advice must be sought to ensure that a suitable engineering design which takes into account all the relevant safety and environmental risk factors, including mine gas and mine-water. Your attention is drawn to the Coal Authority Policy in relation to new development and mine entries available at:

www.gov.uk/government/publications/building-on-or-within-the-influencing-distance-of-mine-entries

Any intrusive activities which disturb or enter any coal seams, coal mine workings or coal mine entries (shafts and adits) requires a Coal Authority Permit. Such activities could include site investigation boreholes, excavations for foundations, piling activities, other ground works and any subsequent treatment of coal mine workings and coal mine entries for ground stability purposes. Failure to obtain a Coal Authority Permit for such activities is trespass, with the potential for court action.

If any coal mining features are unexpectedly encountered during development, this should be reported immediately to the Coal Authority on 0345 762 6848. Further information is available on the Coal Authority website at:

www.gov.uk/government/organisations/the-coal-authority

If Building Regulations is required for the development, you should ensure that such approval has been obtained before carrying out any works.

An important part of improving our service is to review your feedback on the way that we have dealt with your planning application(s). Please take a couple of minutes to email your comments to dc.admin@kirklees.gov.uk so that we can work on continually improving our customer service. Thank you.

Yours faithfully

Mathias Franklin
Head of Planning and Development
